Stance: Customer made comments in support of the Planning Application

---

Reasons for comment:

Comments: On behalf of the Friends of Loch Lomond and The Trossachs I am writing to confirm our support for this application which is one of a series of much needed improvements planned in Drymen Square.

The installation of an E-bike station and a bike maintenance point are very welcome as they will make a positive contribution to providing supporting infrastructure for cycling in the area. Drymen is growing in popularity as a cycling destination and stopping off point.

The Development Trust are to be commended for taking this initiative forward and I trust planning permission will be granted soon so the scheme can be completed in this financial year.
